The Bank of Russia advises non-governmental pension funds as follows:

When submitting an application to the Bank of Russia for the issuance by the Bank of Russia of a statement of compliance by a non-governmental pension fund to the requirements of participation in rights assurance system of the insured persons in accordance with Bank of Russia Regulation No. 417-P “On the Assessment of Compliance of Non-Governmental Pension Fund with the Requirements of Participation in Rights Assurance System of the Insured Persons” d/d 3 April 2014, a non-governmental pension fund may provide the Bank of Russia with additional information (for example, information about the share of receivables in its assets) which the non-governmental fund believes may be important in assessment of its activities against the requirements of participation in rights assurance system of the insured persons.
